

BUITENGWOON

WOOD-FIRED HOT TUBS

IMMERSE YOURSELF IN EXTRAORDINARY ●●●

REDEFINING OUTDOOR LUXURY

INDULGE IN TIMELESS RELAXATION WITH BUITENGEWOON

At Buitengewoon, we believe that luxury lives in the details: the warmth of wood, the stillness of water, the ritual of fire. Our handcrafted, wood-fired hot tubs invite you to slow down and reconnect - with nature, with others, with yourself. Made in South Africa for discerning homes, boutique retreats, and spaces where beauty matters, our tubs are designed to be both functional and extraordinary.

IMMERSE YOURSELF IN EXTRAORDINARY

WHERE IT ALL BEGAN

BORN FROM NATURE. BUILT BY HAND.

In a fast world, Buitengewoon was born from a slower rhythm. It began in the quiet corners of nature, where AfriCamps reimagined outdoor living in South Africa. Among canvas tents and wide skies, we introduced something elemental: a wood-fired hot tub, handcrafted for calm. That spark became our calling.

IMMERSE YOURSELF IN EXTRAORDINARY

OUR HOT TUBS

CRAFTED FOR SLOWNESS, MADE TO LAST

We design wood-fired hot tubs that bring calm, comfort, and craftsmanship to your outdoor space. Each tub offers natural luxury made to last.

We offer two distinct designs to suit different settings, both built with the same uncompromising attention to detail.

COIL HOT TUB

Our signature tub with an external stainless steel coil and for efficient, natural heating. Ideal for a rugged-luxury look and full visibility of the fire experience.

SNORKEL HOT TUB

The Buitengewoon Snorkel Hot Tub offers a simple, elegant setup—perfect for decks, gardens, or remote retreats. Fully freestanding and self-contained, just place, fill, and fire it up.

IMMERSE YOURSELF IN EXTRAORDINARY

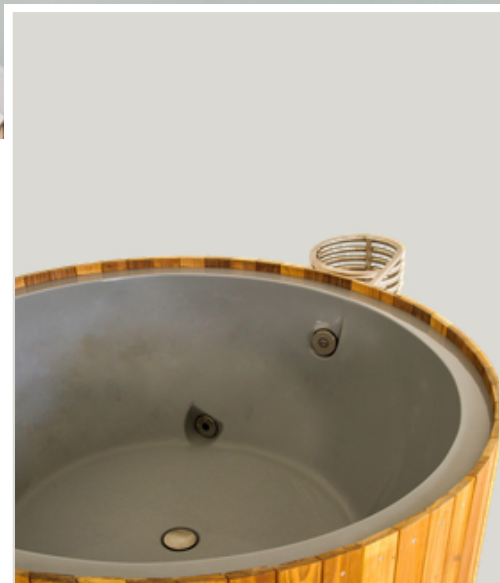

COIL HOT TUB

CLASSIC DESIGN FOR EFFICIENT, EVEN HEATING

The Buitengewoon wood-fired hot tub with external coil is a true design classic - efficient, elegant, and effortless to use. Its stainless steel coil heats water evenly, while clean lines and natural materials create a refined, low-maintenance soaking experience.

Number of people: 3 – 5

Litres of water: 750ℓ

Diameter inside: 1550mm

Height: 700mm
